

27th October 2008

We are pleased to announce.....

THE BARN RESTAURANT at PIDLEY

has received a score of

5 Stars

in the 'Scores on the Doors'
Food Hygiene Rating Scheme

The scheme, introduced by Huntingdon District Council, provides customers and members of the public with information showing how well food businesses are complying with food hygiene requirements.

The **Barn Restaurant** is **one of only four** restaurants in the District rated at this highest level of compliance (see www.scoresonthedoors.org.uk).

The Barn Restaurant produces modern British food with international influences. Our passion is to cook honest, great tasting, fresh food & present it with flair. What sets us apart is that we use local, seasonal produce every day of the year.

Our chefs create new and exciting dishes on a daily basis dependant upon the availability of the best produce. Our food is prepared and cooked as fresh as possible with the emphasis on taste, presentation and good value. All our dishes are created and cooked in-house along with all accompaniments from bread, chutneys & ice-creams through to the biscuits we serve with coffee. The short menu guarantees fresh produce cooked to order and the great food sits alongside a well balanced wine list.

The more discerning diner wants to know the provenance of the food on their plate and we continually strive to source the best quality produce as locally as possible. Consequently a large proportion of our food is sourced within the village itself or the surrounding area. This philosophy means we cook with the very best, fresh produce that has travelled limited 'food miles'.

Less food miles ~ more taste !!

For further information contact: David or Jayne Newman on 01487 741333

The Barn Restaurant, Fen Road, Pidley, Cambridgeshire PE28 3DE
