

Our aim is to provide a safe environment for our staff and customers to enjoy. You will be able to come to Stroud Hill Park in the confidence that we will do everything we can to make sure you will not only enjoy your stay with us but, you will also go home knowing that we have done everything possible to keep you safe.

Additional measures in place:

- To minimise contact on arrival all bookings will be contacted, and payment taken in full prior to arriving. Therefore, when you arrive on site there will be no need for you to come into reception.
- If you need to come to the reception/shop a “one way” system will be in place for you to use and the number of people in the reception/shop will be limited to two. There will be floor markings to help. All relevant surfaces and door handles will be sanitised on a regular basis.
- Dependent on Government guidelines our toilet and shower facility will be open but the number of people in them will be limited. Our rigorous cleaning program for the toilets and showers will be extended, and will take place between 11:00 & 13:00, additionally all surfaces will be sanitised at regular intervals during the day.
- The COVID 19 social distancing regulation, between different households, must always be observed on site.
- Bollard taps, sockets and drains will be sanitised after each departure. You are responsible for you own hoses (which should be food safety compliant), hose fittings and waste pipes.
- Our chemical waste disposal point will be inspected and sanitised on a regular basis throughout each day. Gloves should be worn in this area and hand sanitiser is in place.
- Also, dependant on Government guidelines our laundry/food preparation area, if open, will be limited to one person at any time and hand sanitiser is in place. This area will also be sanitised at regular intervals throughout the day.
- All pitches are 6m apart laterally and all units are to be pitched to the left of the pitch.

We are in this together, please support us to help keep you all safe and well. Thank you for your cooperation, please take care, stay safe and save lives.
